PART D

ADDITIONAL QUALIFICATION DESIGNATION (AQD) CODES

NOTE: Part D of the manual is currently undergoing a complete revision in terms of content and format, specifically regarding the code tables. Please make note of the new template for establishment and revision requests. Additionally, due to existing AQD code tables in their previous formats, there are cases where the AQD order does not follow logical alpha-numeric sequencing. Please ensure you view the entire section for completeness when searching for a specific AQD as it may be out of sequence until the entire manual can be formatted appropriately.

1. General

a. Additional Qualification Designation (AQD) codes enhance billet and officer designator codes by identifying more specifically the qualifications required by a billet or a unique qualification awarded to an incumbent through service in the coded billet.

b. The AQD structure:

(1) Identifies additional qualifications, skills, and knowledge required to perform the duties and/or functions of a billet beyond those implicit in the billet designator, grade, NOBC, or subspecialty;

(2) Where specifically noted, identifies billets that provide unique qualifications for the billet incumbent; and

(3) Facilitates retrieval of management information required to support more precise officer personnel planning.

c. The AQD codes consist of three characters, either alpha-numeric or all-numeric. The first character identifies a broad occupational area closely related to the designator. The second character specifies the type of qualification within the occupational area. The third character further defines the qualification.

2. Application

a. Billet AQD. When applied to a billet on a manpower authorization, the AQD code generally identifies a requirement for skills and knowledge needed to perform the duties and/or functions of a billet additional to those identified by the billet designator, grade, NOBC, or subspecialty. The AQD generally indicates a requirement for an officer who has attained special qualifications through training and/or experience.

b. Officer AQD. When entered in an officer's record, the AQD code identifies the attainment of skills and knowledge, as recognized by competent authority, in addition to those identified by the officer designator, grade, NOBC, or subspecialty.

3. Assignment

a. Billet AQD. Cognizant sponsors in liaison with activities and Budget Submitting Offices are responsible for identifying billets to be coded with selected AQD codes.

b. Officer AQD. Cognizant Bureau of Naval Personnel assignment officers, in coordination with placement officers, are responsible for ensuring AQD codes are assigned to officers so the officers' records are reflective of all qualifications and skills achieved. In some cases, the codes are awarded only when approved by administrative board action. In specific cases, where the billet AQD represents a qualification attained by virtue of service in that billet, the AQD will be automatically awarded to the incumbent upon his/her detachment from the billet.

c. Some officer AQD codes are only valid for a specific period. These codes identify skills or knowledge that are perishable and will require some form of recertification prior to being re-awarded.

4. AQD Primary and Auxiliary Consultants

a Consultants, in conjunction with BUPERS-3 Officer Community Managers, are required to review and update their respective portions of the AQD manual at least every five years in accordance with the established NOOCS procedures outlined in this manual. This will serve to maintain optimum usage, quality, and currency of these classification elements.

5. Criteria for Establishment and Retention of AQD Codes. For establishment and retention within the AQD structure, an AQD code should meet the following criteria:

- a. It does not duplicate an existing code.
- b. It has practical application in personnel planning, control, career management, and training.
- c. It identifies additional qualifications, skills, and knowledge required by the duties and functions of the billet, peacetime and mobilization, and/or additional knowledge, skills, and qualifications attained by officers, both active and inactive.
- d. It must identify qualifications, skills, and knowledge that cannot be identified by a designator, grade, NOBC, or subspecialty code.
- e. It identifies a minimum of 15 billets or 15 officers.

6. Guidance for Submitting a Proposal to Establish, Disestablish, or Revise AQD Codes

a. Commands recommending the establishment, deletion, or revision of AQD codes must ensure proposals meet the AQD criteria listed in paragraph 5.

(1) Proposals to establish or revise AQD codes must be submitted as endorsed letters and include the following information. Proposals to revise AQD(s) should include all the items below but may state “no change” for those items that are the same as the existing AQD(s).

- (a) Recommended code number.
- (b) Titles for second and third AQD characters.
- (c) Billet detailing requirements. Indicate whether or not billets have been coded to require an officer who has earned the AQD. The description should include special notes as appropriate.
- (d) Officer awarding criteria. Specify whether the AQD is earned by course completion, certification, successful completion of a tour in a qualifying billet, or a combination thereof. If a tour must be completed, identify minimum length of tour.
- (e) Length of validity. Specify whether or not the AQD expires or is indefinite. If it expires, include (1) the time period for which the AQD is valid and (2) any recertification requirements.
- (f) Designators that can hold the AQD.
- (g) Minimum and maximum Grades.
- (h) Statement as to whether the AQD is for Active Only, Reserve Only, or Active and Reserve.
- (i) Primary consultant(s).

(j) Auxiliary consultant(s).

(k) Funding implications. Resource Sponsor endorsement must accompany all proposals that have lasting funding implications. ***ALL funding implications MUST be clearly stated as PROGRAMMED/APPROVED.***

(l) Cost Analysis. This includes two separate calculations, one for the per diem cost in dollars for students attending the course and one for the effect on students IA in terms of Manpower Personnel Navy (MPN) in man-years. These calculations should include all net changes to training courses that are associated with changing or establishing a new AQD. Calculate the per diem cost by multiplying the expected annual throughput of students by the course length in days (including weekends) and by the per diem rate for the course location. Use the per diem rate listed at <https://www.defensetravel.dod.mil/site/perdiemCalc.cfm>. Calculate the MPN in man-years for students in the IA by multiplying the expected annual throughput of students by the course length in days (including weekends) and dividing by 365.

Annual Per Diem Cost (\$) = # Students per Year * # Days in Course * Per Diem Rate

MPN (man-years) = # Students per Year * # Days in Course / 365

NOTE: For some courses, the number of students in the first year will be much higher than the expected steady state throughput in order to get the initial batch of personnel trained. If this is the case, provide per diem and MPN calculations for first year and for out years.

EXAMPLE: A new course is created to train operators on a new piece of equipment. There will be 300 students in the first year and 100 students annually after that. The course lasts 19 days (15 days of training plus 4 weekend days). The course is held in Norfolk, VA (per diem rate is \$149).

First year per diem cost = $300 * 19 * \$149 = \$849,300$.

Out year per diem cost = $100 * 19 * \$149 = \$283,100$.

First year MPN = $300 * 19 / 365 = 15.6$ man-years.

Out year MPN = $100 * 19 / 365 = 5.2$ man-years.

(m) Number and location of billets by activity type that will be identified by the proposed AQD.

(n) Information on how the qualifications are presently identified.

(o) Justification as to why existing billet descriptors (i.e., NOBC or SSP codes) are insufficient.

(p) Point of contact (include telephone (commercial and DSN) numbers and e-mail address).

(2) A code table must be enclosed with each proposal and should be prepared per the template at the end of this section.

NOTE: Part D of the manual is currently undergoing a complete revision in terms of content and format, specifically regarding the code tables. Please make note of the new template for establishment and revision requests. Additionally, due to existing AQD code tables in their previous formats, there are cases where the AQD order does not follow logical alpha-numeric sequencing. Please ensure you view the entire section for completeness when searching for a specific AQD as it may be out of sequence until the entire manual can be formatted appropriately.

(3) Proposals to disestablish AQD codes must be submitted as endorsed letters and include the following information: (1) reason(s) for deletion (e.g., qualifications duplicated by existing designator, sufficiently identified by means other than AQD, or insufficient requirements reflected on manpower authorizations) and (2) other information necessary for prudent consideration at each level of review.

(4) Due to data integrity over time and the risk of future personnel misrepresentation, best practices mandate that classification elements are not to be reused once they are disestablished. To this end, deleted or disestablished AQDs will not be reused at any time unless they are reestablished under the same criteria and guidelines as

previously published.

b. Submit proposals to the address listed in the introduction of this volume. After approval of a proposal, the originator must:

(1) Coordinate with Budget Submitting Office(s) (BSOs) to ensure Total Force Manpower Management System (TFMMS) package(s) are submitted with Billet Change Requests (BCRs) to implement changes.

(2) Liaise with NAVPERSCOM (PERS-4) to ensure officers receive codes for assignment completed prior to code establishment.

TEMPLATE FOR AQD CODE TABLE

AQD CODE	CHARACTER					OFFICER AWARDING CRITERIA Officer will be awarded this AQD if member has:	BILLET DETAILING PREREQUISITES If other than “N/A”, then there are existing billet requirements coded in TFMMS.	CONSULTANTS			
	1ST	2ND		3RD							
		CODE	TITLE	CODE	TITLE						
						<p><u>How is the AQD awarded?</u> Explain whether the AQD is awarded by course completion, certification, successful completion of a tour in a qualifying billet, or a combination thereof. If a tour must be completed, identify minimum tour length. If available to Reserve Component Officers, specify Reserve-specific awarding criteria and awarding authority.</p> <p><u>Applicable Designator(s)?</u></p> <p><u>Applicable Grade(s)?</u> If grades are different for various designators, break out the grades for each designator.</p> <p><u>Length of validity?</u> Does the AQD expire? If not, use “Indefinite.” If so, identify timeframe/recertification requirements.</p> <p><u>Manpower Type?</u> Is this AQD for Active Only, Reserve Only, or Active and Reserve?</p>	<p>(Option 1) If the AQD is required prior to assignment to designated billets, then use the language: “Billets coded with ____ require an officer who has previously been awarded the ____ code prior to reporting to ultimate duty assignment.”</p> <p>(Option 2) If an AQD is <u>NOT</u> required in the performance of duties for designated billets, but is to be assigned only after successful completion of a minimum tour length in qualifying billets, then the AQD will be used for tracking purposes only. In this case, annotate this block “N/A.”</p> <p><u>Applicable Designator(s)?</u></p> <p><u>Applicable Grade(s)?</u> If grades are different for various designators, break out the grades for each designator.</p>	<p><u>Primary:</u></p> <p><u>Auxiliary:</u></p>			

ACQUISITION
First Character: A

The Acquisition section has undergone significant revisions from its previous format. The only acceptable AQD code combinations are as indicated in the table. Combinations using the old format are invalid or not allowed due to policy and expected career progression.

All acquisition codes are required to be identified and managed by the Defense Acquisition Workforce Improvement Act of 1990 (DAWIA).

FIRST CHARACTER (always "A" for acquisition codes). Used to identify acquisition related requirements in billets and earned certifications in officer records.

SECOND CHARACTER (relates to the DAWIA career field). Used to identify the specific acquisition career field as referenced by the ASN(RDA) DAWIA Operating Guide.

THIRD CHARACTER (indicates assignment responsibility and officer certification level).

- For assignment responsibility: Used to identify whether the assignment is a key leadership position ("K") (assignments requiring special attention with regard to qualifications, accountability, and tenure), critically coded ("C"), or non-critically coded ("N"). Refer to ASN(RDA) DAWIA Operating Guide for specific criteria for placement in billets.

- For officer certification level: Used to indicate the level of certification obtained by the officer ("1, 2, or 3").

Defense Acquisition Corps membership as determined by a screening board uses the following matrix:

APM - Fully Qualified

APG - Corps Eligible (insufficient experience)

APJ - Corps Eligible (insufficient education)

APT - Corps Eligible (insufficient training)

NAVAL WARFARE (GENERAL)

First Character: B

*NOTE: Part D of the manual is currently undergoing a complete revision in terms of content and format, specifically regarding the code tables. Please make note of the new template for establishment and revision requests. Additionally, due to existing AQD code tables in their previous formats, there are cases where the AQD order does not follow logical alpha-numeric sequencing. Please ensure you view the entire section for completeness when searching for a specific AQD as it may be out of sequence until the entire manual can be formatted appropriately.

These AQD codes are assigned to officers by PERS-4 and assigned to billets by N12.

LINE OFFICER SHORE ASSIGNMENT

First Character: C

AQD Codes having a first character "C" are used to identify select billets, officer experience, billet requirements, and other qualifications pertaining to the Line Officer in shore assignments.

These AQD codes are assigned to officers by PERS-4 and assigned to billets by N12.

AQD CODE	CHARACTER					OFFICER AWARDING CRITERIA Officer will be awarded this AQD if member has:	BILLET DETAILING PREREQUISITES If other than “N/A”, then there are existing billet requirements coded in TFMMS.	CONSULTANTS

AVIATION WARFARE

First Characters: D & E

*NOTE: Part D of the manual is currently undergoing a complete revision in terms of content and format, specifically regarding the code tables. Please make note of the new template for establishment and revision requests. Additionally, due to existing AQD code tables in their previous formats, there are cases where the AQD order does not follow logical alpha-numeric sequencing. Please ensure you view the entire section for completeness when searching for a specific AQD as it may be out of sequence until the entire manual can be formatted appropriately.

AQD codes having first character "D" or "E" are used to indicate specific billet requirements and personnel qualifications in Aviation Warfare specialty.

Billet designators are 1300/1301/1302/1310/1311/1312/ 1320/1321/1322/1372/1392/1540/1541/1542.

Officer designators are 131X/132X/137X/139X/154X.

These AQD codes are assigned to officers by PERS-4 and assigned to billets by N12.

First Character: D

JOINT
First Character: J

*NOTE: Part D of the manual is currently undergoing a complete revision in terms of content and format, specifically regarding the code tables. Please make note of the new template for establishment and revision requests. Additionally, due to existing AQD code tables in their previous formats, there are cases where the AQD order does not follow logical alpha-numeric sequencing. Please ensure you view the entire section for completeness when searching for a specific AQD as it may be out of sequence until the entire manual can be formatted appropriately.

AQD codes having the first character "J" are used to identify selected billets, officer experience, billet requirements, and officer qualifications pertaining to the joint duty/joint qualification field.

Assignment or modification of the "JD" series AQD codes on billets must contain Chief of Naval Personnel (PERS-4) concurrence. Assignment or modification of the "JS" series AQD codes on personnel must contain (PERS-450) concurrence.

These AQD codes are assigned to personnel by PERS-4, PERS-46 or PERS-92 and assigned to billets by N12 and PERS-4.

AQD CODE	CHARACTER					OFFICER AWARDING CRITERIA Officer will be awarded this AQD if member has:	BILLET DETAILING PREREQUISITES If other than “N/A”, then there are existing billet requirements coded in TFMMS.	CONSULTANTS

SURFACE WARFARE
First Characters: K & L

"K" and "L" AQD codes are assigned to billets by N12.

First Character: K

These AQD codes are assigned to personnel by PERS-4, except for the "KD" series AQD codes which may only be assigned or modified by the Nuclear Surface detailer.

UPDATED FORMAT

KD series AQD codes may only be assigned or modified by the Nuclear Surface detailer in the case of officer. AQD codes KD1, KD2, and KD4 are considered as primary AQDs with respect to other AQD qualifications when assigned to an individual.

AQD CODE	CHARACTER					OFFICER AWARDDING CRITERIA Officer will be awarded this AQD if member has:	BILLET DETAILING PREREQUISITES If other than “N/A”, then there are existing billet requirements coded in TFMMS.	CONSULTANTS

FINANCIAL MANAGEMENT

First Character: N

AQD codes having the first character "N" are used to identify Financial Management qualifications. Primary positions reflect NOBC classifications and, as with NOBC, are general descriptions of duties performed. These definitions are not meant to cover every duty required nor every duty necessarily a requirement of the billet. NOBC coding provides identification of scope and nature of duties and is provided to aid in billet and AQD coding.

* X is replaced by the number 1 through 9 to correspond to cumulative units of experience assigned based on the list published on the HR website (<http://www.npc.navy.mil/Officer/Pers44/HumanResources>). Since it is possible to develop skills in multiple specialty areas during one assignment, officers will be assigned 2 units to document experience gained in the primary specialty area during a tour and 1 unit to document experience gained in a secondary specialty area during the same tour.

** The assignment of experience units to billets is accomplished by the HR Board of Directors and approved by the HR Executive Board. This list of primary and secondary units will be available on the HR website.

*** The 3rd digit of the Officer's AQD must be greater than or equal to the 3rd digit of the AQD on the billet.

SUBMARINE WARFARE

First Character: S

AQD codes having the first character "S" are used to modify select billet requirements and officer qualifications pertaining to submarine and related warfare specialties.

These AQD codes are assigned to billets by N12 and to personnel by PERS-4.

The second character "N" may only be assigned or modified by the nuclear submarine officer detailee in the case of officers.

The second character "U" is used to indicate an officer who has qualified in submarines after designation as a 14XX.

*"SN" AQD series are considered as primary AQDs with respect to other AQD qualifications when assigned to an individual.

**PERS-42 will assign or modify all SWX AQD codes on billets or personnel.

STRATEGIC SEALIFT OFFICER

First Character: T

AQD codes having the first character "T" are used to indicate an officer of any designator in any grade holding a current U.S. Coast Guard Merchant Mariner Credential as a deck or engine officer of the merchant marine. Deck officer licenses are for oceans, any gross tons. Engine officer licenses are unlimited horsepower.

These AQD codes are assigned to billets and to personnel by PERS-9.

AQD CODE	CHARACTER					OFFICER AWARDING CRITERIA Officer will be awarded this AQD if member has:	BILLET DETAILING PREREQUISITES If other than “N/A”, then there are existing billet requirements coded in TFMMS.	CONSULTANTS

INTRA SERVICE SPECIALTY

First Character: U

AQD codes having the first character "U" are used to identify selected billets, officer experience, billet requirements, and officer qualifications pertaining to the intra service specialty field.

Assignment of these AQD codes is managed by NPC Augmentation Division.

AQD CODE	CHARACTER					OFFICER AWARDING CRITERIA Officer will be awarded this AQD if member has:	BILLET DETAILING PREREQUISITES If other than “N/A”, then there are existing billet requirements coded in TFMMS.	CONSULTANTS

SPACE AND ELECTRONIC WARFARE (SEW)

First Character: V

AQD codes having a first character "V" are used to identify select billets, officer experience, billet requirements, and other qualifications pertaining to the Line Officer Space and Electronic Warfare (SEW) assignments.

These AQD codes are assigned to officers by PERS-4 and assigned to billets by N1.

These AQD codes are assigned to Officers by PERM 7 and assigned to Ships by 141.

PROFESSIONAL DEVELOPMENT (GENERAL)

First Characters: 1 & 2

AQD codes having the first character "1" and "2" are used to reflect additional professional qualifications acquired through performance or training in the functional area (second character). 1st character 2XX Scholarship is defined as knowledge acquired by study through academic attainments, or funds/benefits granted to a student based on merit to pursue studies. Qualifications are additive to and are not inherent in an individual's designator, subspecialty or NOBC but require identification for tracking or other management purposes.

The 11X numeric AQD codes are assigned to personnel by PERS-4 and NETC.

The 2XX AQD codes are assigned to personnel by PERS-4.

LEGAL SERVICES

First Character: 4

AQD codes having the first character “4” are used to modify officer designators when the officer is a lawyer, bar admitted. The second and third characters are composed of the two-letter state abbreviation to identify the state/territory of bar admission. The Legal Services AQD codes are assigned to personnel only, they are NOT assigned to billets. Assignment to officers is made by PERS-4.

CHAPLAIN CORPS (CHC)

First Character: 5

Most AQD codes beginning with "5" designate the officer as a member of the CHC. The second character identifies the religious heritage grouping, while the third character denotes the specific DoD-Listed Religious Organization by which a CHC officer is endorsed.

The Chaplain Corps AQD codes are not assigned to billets. They are assigned by N097 only to Chaplain Corps officers.

HEALTH CARE SERVICES

First Character: 6

AQD codes having the first character "6" are used to modify billet and officer designators of the Medical Department officer communities when the billet requirements/officer qualifications pertain to the health care services specialties. The highlighted items in this section indicate AQDs that have been reformatted to be in compliance updated code table format.

These AQD codes are assigned to officers by PERS-4/BUMED and assigned to billets by N12.
