MEMORANDUM FOR SURGEON GENERAL OF THE ARMY
SURGEON GENERAL OF THE NAVY
SURGEON GENERAL OF THE AIR FORCE

Subject: Program Director Search for the NCC Transitional Year Internship Program

Reference: (1) Memorandum Selection Criteria for GME Program Directors, Acting ASD (HA),
Nov 2, 1993
(2) ACGME Common Program Requirements, (effective 1 July 2020) and Program-Specific Requirements

The National Capital Consortium (NCC) Residency program in Transitional Year requires the recruitment of a new Program Director. The NCC will require that candidates must be able to assume the Program Director position no later than **15 September 2021**. Search procedures are being initiated in accordance with the provisions of the above noted reference. Candidates must have sufficient post-graduate experience and documented academic achievement acceptable to the pertinent ACGME Residency Review Committee. They must hold a current medical license, and current board certification or specialty qualifications that are acceptable to the Review Committee.

Accordingly, the NCC respectfully requests that each Surgeon General encourage all physicians desiring assignment as a combined GME Program Director in this specialty to submit their curriculum vitae and statement of intent to their designated representative. The statement of intent must include the candidate's stated level of commitment to GME and to the Program Director position, if selected. Specifically, candidates should indicate the maximum number of years they would be willing to serve as Program Director.

Please forward endorsed nominee packets, via email, to Jerri Curtis, MD, Director, NCC: jerri.curtis@usuhs.edu. Nominee packets are due to Dr. Curtis no later than **16 July 2021**. You may contact Dr. Curtis at (301) 295-3638 or DSN: 295-3638 should there be any questions or concerns regarding this matter.

Eric A. Elster, MD, FACS, FRCSEng (Hon.)
CAPT, MC, USN
Dean, School of Medicine, USUHS
