

## MedXellence is coming to the Tidewater Region!

Register now to take part in an unparalleled opportunity to expand your leadership and management skillsets. This six-day program provides a robust curriculum consisting of inter-related modules that emphasize learning through web-based course pre-work, classroom lectures, and hands-on small team case study exercises based on real-world MHS scenarios. MedXellence prepares you to lead by immersing you in an educational experience that is based on complexity theory, healthcare policy, MHS finance, strategic vision, healthcare quality/legal/privacy, patient safety, patient-centeredness, population health, performance process, integrated resourcing, knowledge tools and systems, performance improvement, strategic communication, group dynamics, and public and media relations.

The course is delivered five times a year at various locations and is free of charge (travel and per diem expenses are the responsibility of the student's organization). It is open to physicians, physician assistants, dentists, nurses, nurse practitioners, pharmacists, psychologists, health care executives, case managers, and other health care professionals. Upon completion of the course, participants can receive up to 40 hours of continuing education credit.

### 2023 Course Locations

- January 29–February 3, 2023: Shades of Green AFRC, Florida
- March 12–17, 2023: Bethesda Auditorium, HJF Rockledge
- April 23–28, 2023: Langley, Hampton Va
- June 11–16, 2023: Hale Koa AFRC, Honolulu Hawaii
- August 6–11, 2023: Edelweiss AFRC, Garmisch, Germany
- November 12–17, 2023 San Diego

### How to apply:

We welcome your interest in MedXellence and hope you, too, will join the ranks of our alums who are making a difference—working to lead the Military Healthcare System into the future!

For more detailed information or to apply for the course, please visit <https://medschool.usuhs.edu/pmb/education/medxellence>

We encourage you to apply early, as classes fill quickly.

### Funding

There is no tuition fee for MedXellence attendance; however, your organization must fund travel and per diem-related expenses.

### The Uniformed Services University (USU)

Established by Congress in 1972, the University has a worldwide reputation as a center of excellence for military health education and research. The USU's principal emphasis is on medical education for officers in the U.S. Army, Navy, and Air Force <https://www.usuhs.edu/>
